

INTRODUCTION TO ITUNES U AT UOIT

iTunes U, is a Web-based service that delivers instructional content via the iTunes program. Similar to the iTunes Store, **iTunes U** is designed as a service to institutions to manage **audio**, **video**, and **PDF** content for faculty, students, and staff.

LOGGING INTO ITUNES U AT UOIT

1. To access **iTunes U at UOIT**, you first have to open a **web browser**.

Apple recommends using one of the following browsers:

- **Internet Explorer 6.0 or later on Windows**
- **Safari 2.0 or later on Mac**

2. Select the address box and type in **https://itunesu.uoit.ca** and press **Enter**

3. The **iTunes U - UOIT** Login Page appears.

iTunesU - UOIT

iTunesU - Login:
User ID:
Password:

Faculty:
Training sessions are provided by the Innovation Centre.

Students:
If you have any questions on how to use iTunes please contact your professor. To download iTunes click [here](#).

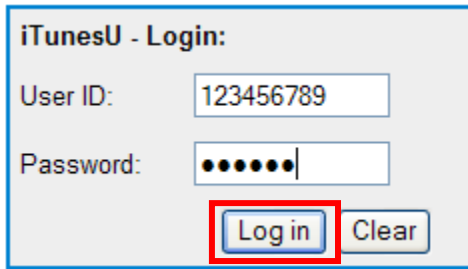

Technical Support:
If you are having technical problems, please contact the Help Desk at extension 3333 or via email ITSupport@uoit.ca.
Be prepared to provide information regarding your problem:

- Your student ID number.
- Describe the problem and the operations you performed.
- The time the problem occurred.
- Were you able to access other web sites at that time.
- Are you experiencing any other problems with your computer.
- What type of computer are you using - laptop, desktop.
- What user name and password did you use.
- Did you try again, when and how many times.
- If you do not have access to a course/section check that you have access to the same course/section in MyCampus and report that with the course number and term.

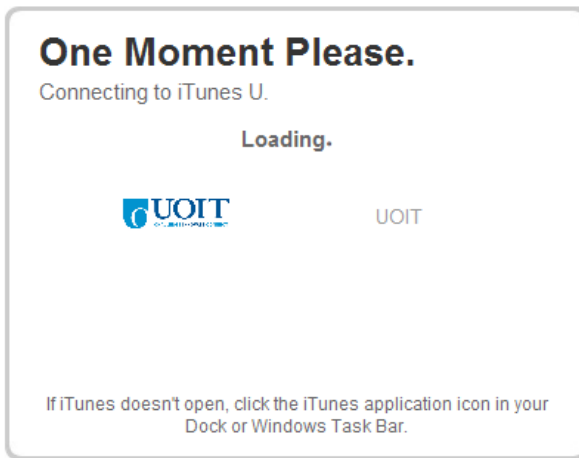

Messages:
To view iTunesU content you need to login by providing your MyCampus credentials in the above fields. To change your password you have to login in MyCampus. Once logged in iTunes you will have access to the courses you have access to in MyCampus.

MyCampus

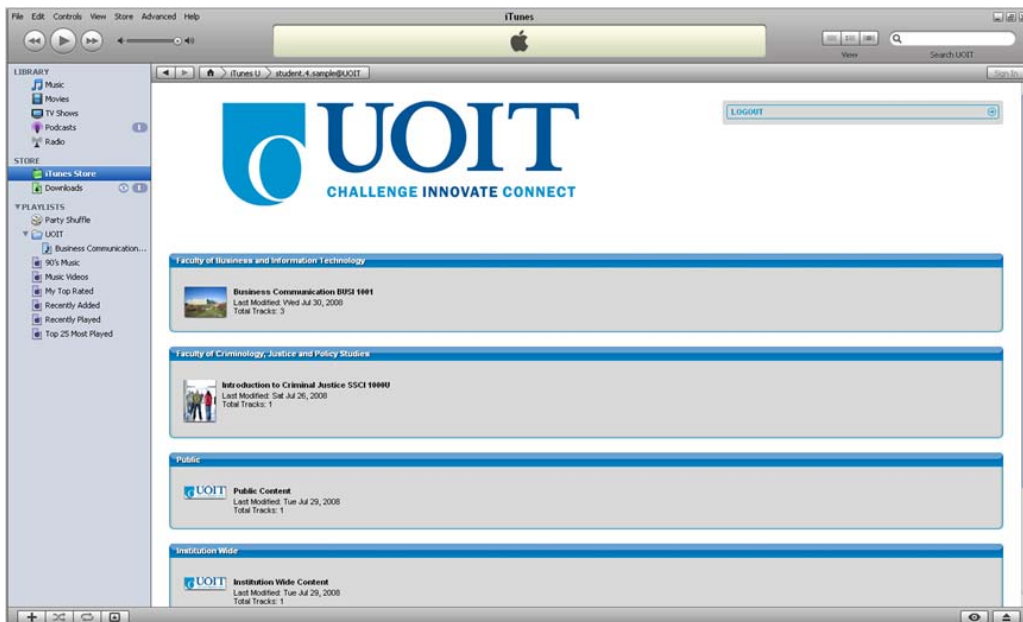

4. To login, enter your **Student ID** in the User ID field, and your **MyCampus/WebCT password** in the Password field and click the **Log in** button.

5. The **Connecting to iTunes U** page will appear which will prompt iTunes to load.

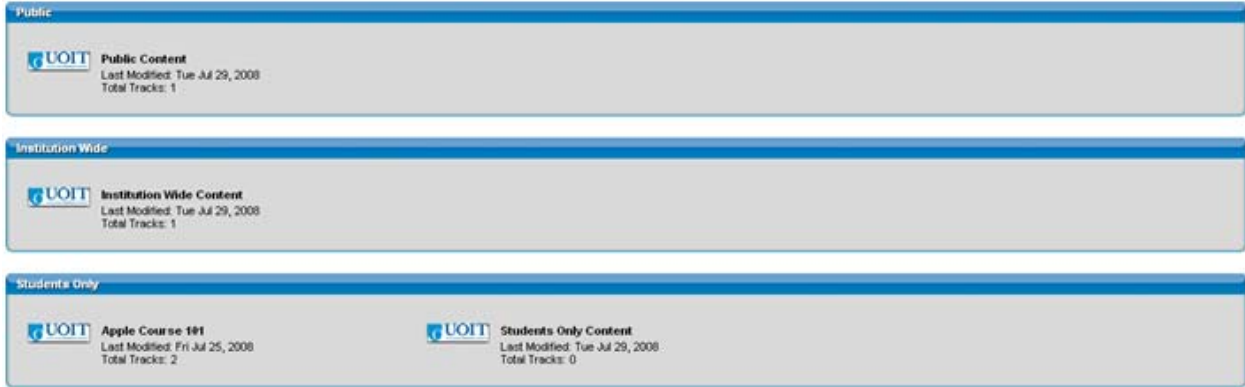

6. After a couple of seconds, **iTunes** will load and you will see the **iTunes U UOIT Home Page**.

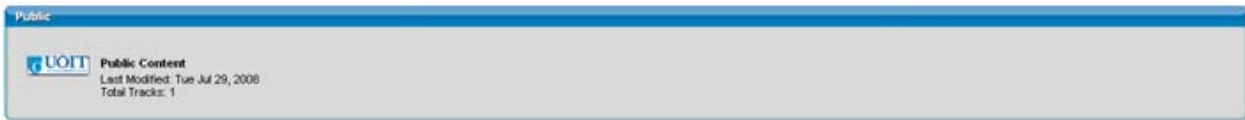

The Home Page is organized into various sections.

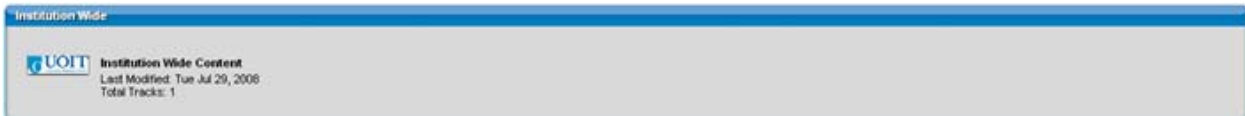

All students will see the **Public**, **Institution Wide**, and **Student Only** sections.

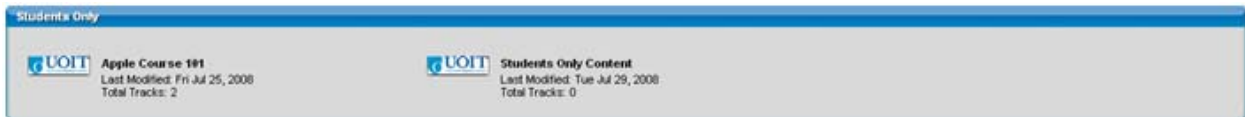

The **Public** section includes content that is available to **everyone**, including those external to UOIT.

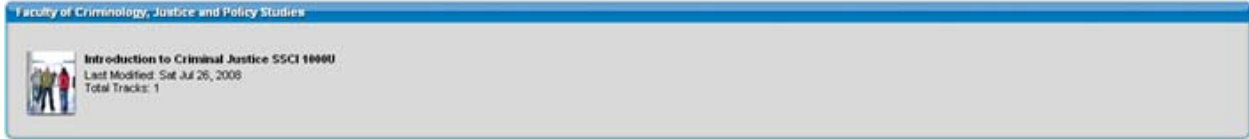

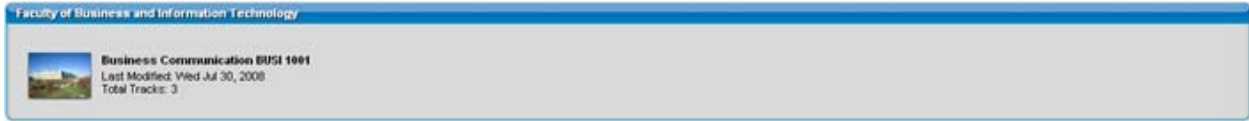

The **Institution Wide** section includes content that is **only** available to **UOIT faculty, students and staff**.

The **Student Only** section includes content that is available **only** to **UOIT students**.

The remaining sections are **Faculty** and **Course** specific, meaning that you will only see the **Faculty** sections with which you are associated, and within those sections, you will only have access to the **courses** that you are registered in.

When you click a **Course Title** or **Thumbnail Image**, the associated **Course Page** appears.

Course pages contain the **audio**, **video**, or **PDF** content files that have been uploaded to iTunes U.
