

David Southwick Presentation  
August 29, 2007

Robert Weaver with the Health Education Technology Research Unit (HETRU) would like to invite you to attend a presentation by David Southwick of the PKC Corporation.

**Computer Tools for Decision Support and Patient Empowerment:  
Implications of *Knowledge Coupling* for Education and Clinical Practice**

August 29, 2007 from 11 a.m. to 1 p.m.

Science Boardroom UA 4170

David Southwick EdD, will present on the philosophy, use, and clinical and educational implications of the tools followed by a question and answer period.

Anyone who wishes to explore the philosophy of medical education and clinical practice embodied in *Knowledge Coupling* tools is encouraged to consult the PKC Corporation's website at [www.pkc.com](http://www.pkc.com). A library of short videos, various articles, and technical papers about *Knowledge Coupling* is included under [www.pkc.com/library.aspx](http://www.pkc.com/library.aspx)
